## The American Art-Union.

[In the City of New York, was incorporated by the Legislature of New York for the promotion of the Fine Arts in the United States.]

It is managed by gentlemen who are chosen annually, by the members, and receive no compensation.

To accomplish a truly national object, uniting great public good with private gratification, at small individual expense, in a manner best suited to the situation and institutions of our country, and the wants, habits and tastes of our people, the Committee have adopted the following PLAN.

Every subscriber of five dollars is a member of the Art Union for the year, and is entitled to all its privileges.

The money thus obtained, (after paying necessary expenses) is applied,

First.—To the production of a large and costly Original Engraving from an American painting, of which the plate and copyright belong to the Institution, and are used solely for its benefit.

Of this engraving every member receives a copy for every five dollars paid by him.

Members entitled to duplicates are at liberty to select from the engravings of previous years.

Whenever the funds justify it, an extra engraving or work of Art is also furnished to every member.

Every member also receives a full Annual Report of the proceedings, &c., of the Institution.

Second.—To the purchase of paintings and sculpture, by native or resident artists. These are publicly exhibited at the Gallery of the Art-Union till the annual meeting in December, when they are publicly distributed by lot among the members, each member having one share for every five dollars paid by him.

The business of the Institution, out of the city of New York, is transacted by Honorary Secretaries, who receive and remit subscriptions, and deliver to members in their vicinity the Reports, Engravings, and works of Art. They are forwarded at the expense of the Institution.

The income of the Art-Union the last year was \$22,385 dollars, and one hundred and forty-six paintings, varying in price from \$15 to \$600, were distributed by lot among its members, and each member also received a copy of a large line engraving, "Sir Walter Raleigh parting with his wife on the morning of his execution."

The committee have already in progress, for the members of this year, two large engravings, the "Jolly Flat-boatmen," to be engraved by Doney, after the picture by Bingham, and the "Sybil," to be engraved by Casilear after the picture by Huntington, of both of which, every member will receive a copy.

The annual meeting and distribution will take place this year on the 25th day of December.

It is very desirable that the dues of the members should be paid early in the year, that the Committee may make their purchases at the best advantage.

Subscription and payment may be made to the subscriber, Honorary Secretary for Newport and its vicinity.

## THE VOICE OF SPRING.

BY NOVICE.

"Come forth, Oh ye children of gladness, come, Where the violets now lie may be your home, Ye of the rose-lip and dew-bright eye, And the boundless footsteps to meet me fly; With the lyre, and wreath, and the joyous lay—Come forth to the sunshine, I may not stay." Helms.

I come, I come, in my joyous train, With the blushing flowers and gentle rain, Stern winter will now resign its sway, To my genial warmth and mild array. A hoary monarch he passes forth, To his primal home at the frigid North.

I come with the warmth of the southern breeze, With the music of birds 'mid the budding trees; In the rippled murmur of each little rill, That winds its way from the distant hill; From its mossy bed will volets spring, To welcome the balmy breath I bring.

Know ye not of a land on whose healthful shore, Earth's wintry storms are known no more? On whose shining plains are mansions fair, And the pure in heart may enter there? (Bright, Sweet flowers are there, blooming in beauty Where no frost-spirit casteth its withering blight.

Here hopes that have blessed us are laid in the tomb, And the heart's best affections oft shaded with gloom, But the trials of Earth, and its cares are unknown, Where truth hath its fountain and Love hath a throne; Where the sweet ties of Friendship, tho' severed below, Shall, united, the bliss of Eternity know.

**A SMALL MAN'S MISFORTUNE.**

There was considerable alarm in the police office yesterday morning, amongst the officers, when the Recorder called for "Bill Ribbs." For some time the culprit could not be found, but at last the collar of a huge black coat was turned down, and an individual with a face as ill as a frost-bitten crab apple, answered with the timidity peculiar to small men in large crowds, "that is me." "Mr. Ribbs' coat was very green, and as shaggy as the hide of a Shetland pony—he was barefooted, hatless, and evidently had visions of blue devils and monkeys before his eyes.

"Ribbs," said the Recorder, "you were found roving about last night."

"Did you speak to me, sir?" inquired Ribbs, with a convulsive start.

"Yes, I did speak to you." "You were found roving the streets last night—have you no place of residence?"

"No, sir," answered Ribbs in a piano tone, "I ain't got no home—no residence—no nothin', I'm a victim, sir."

"A victim of what? of love, malice, or misfortune?"

"Of 'em all, sir. I was born in misfortune's cradled in malice, and I'll die in a workhouse. I was stunted when I was young, sir—when I was a bloomin' child, I wasn't bigger than a baby—and now that I'm a man, I ain't the size of an ordinary twelve year old boy. It's a judgement I'm a payin' for the vanity of my parents, sir, their sin is visited on me, sir, and I'm warped."

"You're warped, what do you mean?"

"I'm shrunk up to a natomy—the fat is all dried out of me—everything in this world is too big for me, and I feel like nothin' nowhere. My puppy was six foot six inches, and my mammy weighed most two hundred; but when I was born, sir, then the truth came home to 'em, and they felt that in me they was punished for braggin' on their bigness. You could have put me in a quart mug, I was weighed in a pair of 'pothecary scales, and when my mother heare as how I was so many ounces in weight, she hated me from that minute and refused to nurse me!"

"Refused to nurse you! That was inhuman?"

"Inhuman—it was cruelty, sir. They rented me out to a lean woman, as was blessed with twins, to be nursed, but it was no use. My mouth was so small that they had to feed me through a quill, which accounts for my literary turn of mind. They never gave me milk, but the honey-chopper of human kindness, and my infant sensibility was soured, and I was soured, and I was thrown into the world, all warped and curdled up, too big to do nothing, and too small to get a livin'." At thirteen years old a charitable gentleman hired me to be shown as a dwarf, but the doctors looked at my teeth and said I wasn't old enuff for that business, so purtercor dropped me as if I was a wetty small hot pertur, and I had to shift for myself agin. I then engaged at a theatre to do the 'Infant Phenomenon' parts, but a little performer then came along, and then I was agin laid upon the shelf. Then I took to sellin' penny papers; but the Chatham street b'hoys ruled me, out cause they said it was unproper for a man to take the bread out of the mouths of the 'risin' generation. A gentleman with the dispesia took a likin' to me, and advised me to diet myself on Graham bread and Croton water, and I did diet myself till I thought I'd die at it. It wore me down so thin, that I hadn't no shadder. I found myself slowly going into a galluping consumption, but was so weak you couldn't hear me cough. I was going off fast, when an artist, who had an interest in sarsaparilla and patent pills, got me to set for the pictur of a man who had the ager and fever for seven years and nine months. It was a portrait, and helped to sell many a hogsheaf of sirrup and bushel of pills. I thought the artist would have fattened me to set for the pictur of a man as was made as new by the medicine, but there I was again cruelly disappointed. The ingrateful painter hired a gentleman fresh from Germany, as was imported to tend a lard factory in Cincinnati, to set for the pictur of the individual as was rescued from the jaws of death by using three bottles of surrep and pills night and mornin for five weeks in succession."

"But have you no other profession by which you can get a living?"

"I would yer honor, but I was locked through a goose quill, which gave me a literary turn. Well, I took to reportin' small items for a Sunday paper—I was reckoned great on writin' about broken legs, and babies as was found in segar boxes and wells—but one day my ambition got roused, and I attempted to report a 'horrid murder.'—It was too heavy for me, sir—my feelings was on fire, and I dashed the awful up in beautiful style. But yer honor, would you you 'bleeve it—the editor said I was drunk—that no sich murder took place—that I was a Lillyputian-humbag, and hadn't the shaddow of a right to draw water from the fountain of literature. He was jealous of my genius, sir, and he kicked me down stairs. Since that eventual moment I don't remember nothin in particular—ther's somethin' wrong here, in my brain, sir, and I want to die. In the other world there ain't no giant cherubs nor dwarf angels—there people's all one size, and I'll be happy!"

Here the sympathy of the Recorder became so apparent, that two stout police officers spread their coat tails, by way of a curtain, before poor Billy Ribbs, and drawing a handkerchief across his visual organs, the magistrate slowly withdrew.

Goff gave us a copy of the *Yankee Blade*, a day or two since, and we have laughed over its humorous stories, and witty jokes, till our sides are sore, and all the buttons gone from our vest except the top one. It is decidedly one of the best Miscellaneous papers that we ever saw. What do you say for an exchange, Mr. Blade?

**WHALE FISHERY.**—Within the last fortnight there have arrived 49 vessels in the United States, bringing 18,240 bbls sperm oil, 95,210 do. whale oil and 765,000 lbs. bone—the sperm oil is worth, at present prices \$345,131; whale \$902,429, and the bone \$224,200, making the handsome total of \$1,671,760.

The *Western Continent*, one of the best LITERARY papers in the country, is hereafter to appropriate a portion of its space exclusively to the ladies. This department is to be edited by KATE HARBELL, a young Miss—we guess from her style of writing, which, by the way, is easy and polished. We make the following extract from her introduction.

"The Editor of the *Western Continent* having determined with his usual gallantry, to appropriate a portion of the paper exclusively to the Fair Sex, we, to our surprise, have been called upon to fill the chair of Editress,—the very thought of which calls up a blush and a smile at the same time.—What, we? Why we were always under the impression that a person in such a situation was a sedate, dignified somebody, always over the equinoctial line of life—grave and severe, with an air of decision from which there was no appeal, and a determination of manner quite awful to the young folks. No wonder that we, on whose lips is still ringing the merry laughter of girlhood should have been astonished at such a request, and politely referred him to some of our friends, of far more value to society (certainly to antiquarians,) than ourselves. But, strange as it may appear, us, and us alone, he wanted; and, since he is willing to take us as we are, and kind enough to dispense with all affectation of manner, (for it would be affectation to appear anything but what we are, a young and inexperienced writer,) we, not without some tremors, assume the responsibility; and claim as ours the Editorial Chair."

**ALAS! POOR IRELAND.**—A late Irish paper is before us. It is dated the 1st May. It says:

Where are the May-day rejoicings now? Where the laughing revellers? Alas! the fingers that wove that wreath and coronal of this day twelvemonth, are either stiff in death, or busy closing the eyes of those whom famine and pestilence have swept away; if flowers are plucked, it is to deck the death-bed or the grave—and no more joyful sounds are heard in our afflicted land than the moan of the dying and the voice of the weeper.

On the May-day morning of by-gone years, the peasantry of Ireland used to celebrate a jubilee. To-day, with tottering limbs and hungry stomachs, seven hundred thousand men crawl from their wretched beds of rotten straw with the horrible prospect of starvation staring them in the face! With famine in their eye, and fever in their blood they creep from their wretched hovels, to throw themselves, into hurried graves, their parents, wives, and children; or to betake themselves to seek a wretched mockery of nourishment at the nearest soup kitchen.

Rider received a lot of strawberries, peas, beans, and cucumbers yesterday.—Those in want of these luxuries, had better call early.

**"LAWYER MONOPOLY."**—A petition was presented to the Connecticut Legislature, a few days since, praying that the "Lawyer Monopoly" be done away with, and that every person, whether a lawyer or not, be admitted to the bar; whereupon it was moved that this petition be referred to the committee on patent medicines!

**WHALE FISHERIES IN CONNECTICUT.**—The District Judge in his recent charge to the grand Jury stated that there were engaged in this business 125 vessels with 5000 seamen and a capital of about 5,000,000 dollars.

**MARRYING A WIFE'S SISTER.**—The Rev. Mr. McQueen has been restored to his position in Presbyterian Church, by the action of the General Assembly. He had been suspended from the ministry for marrying the sister of his deceased wife. The Assembly, however, on restoring him, did not sanction the act for which he had been suspended.

The Pacha of Damascus lately issued a proclamation enjoining the women of the city to be more strictly veiled when they went abroad, and declaring that he would cut off the noses of all who disobeyed his orders.

The American Pioneer, of the 25th ult., a paper published at Monterey, says that most abject slavery exists in Mexico among the laboring population; they saw a fair white girl of 16 years sold for \$40 a few days before. Monterey is not an old place. An old woman says when she first went there, there were not a dozen houses, and mass was performed in the open air.

We acknowledge the receipt of a basket full of very nice — we shan't tell what, from the Clerk of the Perry. Those who are anxious to know what this article is, can ascertain by calling at our office.

**RELIC OF WASHINGTON.**—In tearing down the large antique buildings owned and occupied in his lifetime by that eminent jurist Judge Patterson, at New Brunswick, N. J., the following card was found by one of the workmen:—"The President of the United States and Mrs. Washington, request the pleasure of Judge and Mrs. Patterson, and Mrs. Patterson's Company to dine, on Saturday, next, at 4 o'clock, 6 May, 1795. An answer is requested."—The words and figures in italics are in the neat bold hand of Washington himself.—The note bears date the 6th of May 1795, and was found on the 6th of May, 1847, just fifty-two years after its date.

## BY THIS MORNING'S BOAT.

We are indebted to Gay & Co's Express for last evening's New York papers.

**STEAMER WASHINGTON ASHORE.**—We were informed last evening, by a gentleman who came down in the Bay State, that the new steamer Washington, which sailed from New York for Bremen last Tuesday afternoon, went ashore on Nantucket Shoals on Wednesday morning, where she laid till yesterday morning, when she got off and proceeded on her voyage. She sustained no damage of importance.

**LATER FROM MEXICO.**—General Worth, according to the latest advices from Mexico, entered Puebla on the 15th of May, after something of a skirmish with a body of Mexican Lancers, in which the latter had four killed, without any loss on the part of the Americans.

The city is represented to be quiet, and perfectly satisfied with our government.

Sanita Anna has halted at Samartin, near Puebla, with 15 battalions of National Guards, well organized. There is a prospect of another hard fight, which is considered certain.

In the guerilla affair mentioned a few days ago three of the enemy were killed, one wounded and nine taken prisoners. A large number of horses, arms, and ammunition were taken. The prisoners were taken to Vera Cruz for trial, and were severely dealt with.

It is supposed that Gen. Worth's despatches had been intercepted, as none had been received at Jalapa or Vera Cruz.

The Town of Mantala had surrendered to sloop-of-war Germantown, but was retaken by 300 Mexicans.

Schooner Fraternity, at Mantala, had been boarded by 30 Mexicans, and stripped of her cargo and burned.

The Bay State, in going out of this harbor last evening, got aground near the Lime Rocks, where she lay about half an hour, when she was floated off by the tide, and proceeded on her trip. This was occasioned by the harbor being so full of fishing vessels that it was almost impossible to steer clear of them, and in striving to do this, she went aground. We ought to have some harbor regulations, to prevent vessels anchoring promiscuously in the steamer's track.

Steamer Gen. Lincoln arrived in this harbor last evening. She is bound from New York for Boston, and is to run from Boston to Nahant.

**BREADSTUFFS.**—There arrived in New York Thursday, by the way of the North River, 33,878 barrels of flour, 185 of corn meal, 29,943 bushels of wheat, 42,764 of corn, 3000 of barley and 500 of rye.

**GHOWDER.**  
A Glam Chowder will be served up at the Newport Victualing House, this evening, at 8 o'clock.

Rev. R. Hibbard's Vegetable Anti-Bilious Family Pills.—Ask for the Rev. B. Hibbard's Vegetable Pills, and be careful that a spurious article is not imposed upon you, under the name of Hibbard's Pills.

No agent is authorized to sell less than a sealed package or box of 12 1-2 cents, or 50 cents. Full directions go with each size. These truly invaluable Pills are recommended as being without an equal in all Fevers, Bilious attacks, derangement of the Liver or Bile, Stomach, Lungs, or Bowels, and give relief as sure as taken. The more violent the attack, the more promptly do they act in allaying it. They have also proved the most prominent and certain cure for the promitory symptoms of the Asiatic Cholera.

Cholera, Aspayzia, and no person who has taken these Pills at home, or abroad, as a quarter of a Pill each night, or even in for a few weeks, act as a potent strengthening the whole system, and curing chronic and subacute diseases, sick Head, Dyspepsia, Consumption, &c.

Testimonials from Physicians and others continue to be received at the Principal Office, No. 26 John street, New York, by T. R. Hibbard, Druggist.

Such is the powerful and masterly control which these Pills uniformly exert over disease, whether chronic or acute, that every agent stands ready to receive the empty box, and refund the money—in all cases, where they fail to cure, or come fully up to the recommendation given.

They are expressly intended for family use, and may emphatically be termed the poor man's blessing. Price 12 1-2 cents for the small, and 50 cts. for the large sized boxes.

T. R. HIBBARD, Principal Proprietor, Agents in Newport, Philip Rider, R. J. Taylor, and C. G. C. HAZARD.

**THE BEAUTIFUL YOUNG LADY OF BROOKLYN AND RADWAY'S CHINESE MEDICATED SOAP.**—Last fall we published a letter from a young lady in the city of Brooklyn, who, while on a visit to her friends in New Jersey, had experienced intense pain from the bites of mosquitos, and great annoyance from the unnatural darkness of her tanned complexion. Her skin had become parched, dry, and unhealthy—covered with pimples, blotches, pustules, freckles, &c., she was recommended by some friends to use, as a toilet emolient,

*Radway's Chinese Medicated Soap.*  
A few days' use of this very excellent and superior Soap exceeded the expectation of all; her skin became smooth, soft, pure, sweet, and healthy; her complexion restored to its former prepossessing appearance, all of which owed its restoration to the curative properties and soothing influence of Radway's Chinese Medicated Soap.

This is but one out of thousands of others, who prefer the use of Radway's Soap to all other soaps recommended for the same purposes. We do not pretend that our Soap will restore the complexion of the emaciated victim of consumption to the bright hue of health, as some of our competitors vainly claim, and promise to do; but we do pretend to say that Radway's Chinese Medicated Soap stands unrivalled in the productions of Chemists, for the purposes for which it is recommended, and is a superior article to the Euc Divine de Venus and Nymph, (which is introduced to the public by our own matter, which the proprietor of that article has ungenerously copied from one of our Circulars of 1845, without our permission, slightly altering the phraseology of our language to suit his own purpose,) or any other Soap in the market. Now we leave the public to judge for themselves. Do you wish to possess a fair, healthy pure, and sweet skin, free from all spots, blemishes, freckles, pimples, blotches, pustules, ring worms, &c.? Use the genuine Radway's Chinese Medicated Soap, which is warranted by us to do all that it is recommended. This soap is sold cheaper than any other article of the kind in the market, and for ordinary toilet purposes it will do more service than other Soaps of three times its bulk. Sold for only ONE SHILLING per cake, by R. J. TAYLOR, and C. G. C. HAZARD, Newport. Country Agents can be supplied by R. J. Taylor, J. & R. G. RADWAY, June 3, No. 2 Courtland street, N. Y.

*Dr. Danning's Patent Balm, For Weakness of the Body.*

The following letter is submitted to a discerning public, and the proprietor is enabled to refer to many individuals—whose testimony will satisfy the most incredulous. Be particular and get Danning's Balm, and be put off with nothing else.

*Dr. Boardman.*—Dear Sir:—Now being about leaving for home, I am able to give this favorable account of the Balm which I have worn only four days. For more than four years I have suffered greatly from dyspepsia, that scourge of our race. My food has always been so troublesome that my stomach would reject it almost every day—my bowels always constipated—my head always feeling heavy and unpleasant, and my spirits greatly depressed. I was unfitted for any regular business, and till I saw you, I had given up the hope of ever being better. I had consulted many physicians and in Boston, those the most celebrated, and spent nearly all the money I could earn, upon them and medicines. Since I have worn the Balm, all these symptoms have in a great degree vanished, and now, it seems to me, I shall be well again. I find my body regaining its erect position—the splitting up my food is pretty much over, my spirits and energy are returning, and I feel like a new man.

Sept. 4. S. W. HILL  
**DR. WISTAR'S BALM OF WILD CHERRY.**—This is a chemical extract of Wild Cherry and Tar.—Everybody knows that Wild Cherry possesses important medicinal properties; and Tar Water has always been administered in Consumption, and Lung affections generally, by our oldest and safest physicians.

Various remedies, it is true, have been offered, and pulled into notice for the cure of diseases of the lungs, and some have been found no doubt very useful, but of all that have yet been discovered, it is admitted, by physicians, and all who have witnessed its effects, that none have proved as successful as this. For Asthma, Shortness of Breath, and similar affections, it may be pronounced a positive cure. It has cured Asthma in many cases of ten and twenty years' standing, after physicians had declared the case beyond the reach of medicine.

This Balm is made from materials which Nature has placed in all northern latitudes, as an antidote for diseases caused by cold climates. "Nature is but the name for an effect. Whose cause is God."

Let us not neglect her plainest dictates. None genuine, unless signed I. HUTTS on the wrapper. For sale by R. J. TAYLOR.

**HYPERION FLUID.**—Those who wish for a valuable preparation for the hair, are referred to Bogle's advertisement in another column. Hyperion Fluid, it is supposed, will soon make these fluids now in use for the hair, as very superior quality.

## Notice.—Registry of Voters of Newport.

THE Town Council of the town of Newport will meet at the Town Clerk's Office, Monday the 14th day of June inst., at 2 o'clock in the afternoon, to examine the Registry of Voters for the town of Newport, in open meeting, and to purge the same as the law directs, by placing against the names of all persons thereon, who are dead, or who for the space of one year have ceased to reside in this town, the word "dead," or "non-resident," as the case may be, and to correct the Registry whether the same person is registered more than once thereon. By order, BEN. B. HOWLAND, Council Clerk.

## New and Important Arrangement.

W. GOFF has the pleasure of informing his patrons that an arrangement will be completed in the course of next week by which he will be able to furnish the third and latest edition of the New York Express, which goes to press only one hour before the steamers leave for Newport and Fall River. This will be a new and important feature in Newspaper Agency.

I would further state to those who subscribe and receive their daily papers by mail, that they are paying Two Dollars and seventy-four cents per year more than it costs to receive them of me.—Merchants, too, who generally have a quick eye on the Markets, can always get the latest price current before the mail is distributed.

Lots of Books constantly on hand, and scarcely a steamer arrives from New York, but furnishes something new in the department of literature.

N. B. Particular attention paid to orders for Music, Books, &c., and furnished at New York prices with despatch.  
Call at the News Depot, 2 doors North of Post Office. June 4.

## Notice.

THIS is to notify my friends that I have been dropped as Constable for reasons unknown to me. I did state that the Town Council ought to be changed. I voted for all the fathers of the town as they stand at present. Further, I call on all those I have done business for, in this town or other towns, to call on me and settle the accounts I have for collection. And farther do say no man can say I have not paid all that I have business with.

P.S. I am very much obliged to all my employers, and do stand in readiness to collect bills, as I did before I was dropped as an officer.  
CHAS. C. HEATH, Washingtonian.

## Brownell's Cooking Range.

THE subscriber has just completed the invention of a new Cooking Range, to which he invites the attention of the public. This Range possesses qualities for expeditious boiling and cooking that other Ranges do not, and it occupies but a small space of room.

Brownell's Cooking Range has six eight inch boilers, any two, or four of which, can be thrown into one, so as to admit of a large boiler; and it is provided with a set of rings so that any size furniture can be used on it. Its Oven is large, convenient of access, and having an upward draft, it bakes evenly with a small quantity of fuel.

One of these Ranges is in successful operation at the store of the subscriber, subject to the examination of the public, who are invited to call and take a look at it. WILLIAM BROWNELL.

THE valuable farm, known as the Gardner  
Farm, containing 310 acres of land, situated  
on the South-west part of this Island, is offered  
for sale. Said farm is well divided into mowing  
and pasturing, has an abundant supply of good  
water, and the walls are in complete order. A  
portion of it bordering on the ocean, it has also a  
valuable sea-weed privilege. This is one of the  
most delightful situations on the Island of Rhode  
Island.

**TO THE LADIES, IN PARTICULAR.**  
**MY DEPLORATORY POWDER** has been  
found highly beneficial and of great use to Lad-  
ies who have been afflicted with superfluous hair,  
principally when its growth has been confined to  
the upper lip and side of the face, giving a mascu-  
line turn to the whole features. When used with  
proper care, and according to the directions, it will  
be found to be a great addition to the toilet, as the  
use of any sharp instrument is entirely avoided,  
and the hair is removed in five or ten minutes af-  
ter its application.

This composition is infallible, and warranted to  
remove superfluous hair. After numerous trials, I  
have received certificates of success which cannot  
be contested. For sale, wholesale and retail, at

not ask any more to convince you. I warrant it.

**Coggeshall & Bliss' Patent Cook-  
ing Range.**

THE subscribers have just taken out letters pa-  
tent for a new and beautiful cooking Range,  
to which they invite the attention of the public.  
This Range may be set in the ordinary fire place;  
and by a simple, though effectual apparatus, the  
throat of the chimney may in an instant of time,  
be opened or closed, so that the heat in summer and  
the fumes from cooking at all times may escape  
through the chimney.

Wood or coal may be used, and the evil of smok-  
ing chimneys is completely remedied by its intro-  
duction.  
This Range is so constructed that it takes up but  
a small space, and yet it contains all the qualities  
of those which take up double the amount; and it  
being constructed as it is, the Boilers are brought  
in close proximity with the fire, and it consequent-  
ly boils much sooner, and with a smaller amount  
of fuel, than the old fashioned Ranges, or cook  
stoves. It contains five boilers, four of which may  
be converted into two, by taking out a cross piece,  
and thus will admit of two large boilers at the  
same time. It also contains and Oven 12 inches  
wide by 21 deep, which cannot be surpassed for  
baking.

The subscribers have one of their Ranges in op-  
eration at their store, where the public are invited  
to call and examine it, and if they will, they must  
at once discover its utility. They also keep con-  
stantly on hand all kinds of Parlor, Office, and  
Cook Stoves, Tin Ware, &c., &c.

**IMPROVED COOKING RANGE OF MESS-  
RS. COGGESHALL & BLISS.**

THE undersigned having in their houses a new  
Improved Cooking Range, constructed by Mess-  
rs. Coggeshall and Bliss, of this town; and being  
fully satisfied with its performance and general  
utility, take pleasure in certifying to the same, and  
recommending it to the public as the best thing of  
the kind with which we are acquainted. We  
would notice more particularly the Oven, which,  
by its construction, furnishes a uniform heat, and  
the baking is performed with less attention and  
more perfectly, than in any Range or Stove that  
we have ever used. In a word, it contains many  
advantages, and consumes a small quantity of  
fuel.

**TO THE BEAUTIFIERS OF THE  
COMPLEXION.**

**SURPRISING EFFICACY.** My Eau Divine  
Sole Vernal and Nymph Soap, composed of an  
eastern botanical discovery of surprising efficacy  
for rendering the skin soft and fair, as well as im-  
parting a delicate roseate hue to the complexion.

As a creator and conservator of that most dis-  
tinguishing charm of female loveliness, a transpa-  
rent fair skin, Jules Hauel's Nymph Soap, or Eau  
Divine de Venus, may be said to exert an almost  
magical influence. Composed for the most part of  
oriental balsamic plants, to the utter exclusion of  
all mineral admixture, it is distinguished medically,  
for its extremely bland, purifying and soothing ac-  
tion on the skin; and by acting on the pores and  
minute secretory vessels, expels all impurities from  
the surface, allays every tendency to inflammation,  
and, by this method alone, effectually dissipates all  
redness, tan, pimples, freckles, sunburn, and other  
unsightly cutaneous visitations, so inimical to fe-  
male loveliness. Its use will change a most bitu-  
ous complexion into one of radiant whiteness;  
while on the neck, hands, and arms, it bestows a  
delicacy and firmness which its continued use will  
happily protect, with every appearance of youthful  
charm to the most advanced period of life.

hanced by a clear and brilliant complexion, is only  
known to those who are suffering from freckles,  
pimples, blotches, morpew, and other disfigu-

**LORRAINE'S PILLS.**  
All persons require. Facts.  
DR. LORRAINE'S CURATIVE SYSTEM  
OF MEDICINE is rapidly producing achievements  
never before known in the cure of diseases. The  
immensity of its wonderful results, alone demon-  
strate that its principles must be founded on truth.  
The relative proportion of Cures by this Medicine  
is out of all proportion greater, than by any other  
Medicine known.  
THE THEORY is, that one blood heats in the  
bosom, and flows through the body of every man,  
and must be pure, it is the Vital Principle that sus-  
tains life.  
Physicians, and people of every class are willing  
to come forward and announce, in the most public  
manner that they have been cured of long standing  
complaints—after another medicines had failed.  
In fact there can be no doubt but that Lorraine's  
vegetable Pill is the best medicine ever offered to  
the public.  
See a few public statements of men of truth and  
virtue.

Lynn, Dec. 17th, 1843.  
Sir: I have sold all the pills I had had of you,  
please send another lot immediately. The sale of  
Lorraine's vegetable Pills is rapidly on the increase,  
they are becoming very popular. I sell more and  
more every day. As a curative medicine and pu-  
rifier of the blood. I think they stand unrivalled.  
One fact I have noticed, that no one that has used  
them finds any fault with them; they have wrought  
some very great cures. One lady, who has been  
confined to the house and bed, a great part of the  
time, for twenty years, is now cured and able to  
work most of her time, after having taken 3 boxes  
only of Lorraine's Pills. I might name many  
other cases where the cures have been as great,  
but have not time. Yours respectfully,  
J. E. F. MARSH.

Portland, Me., Nov. 7th, 1843.  
Sir: Please send us one gross of Lorraine's  
Pills, we have sold all we had last. They have  
given very good satisfaction, better than any other  
pills which we have in our market. I think in  
a short time they will take the place of others.  
We have had no fault found with them whatever;  
but, on the contrary, they have been praised loudly.  
I think we could have quite a number of highly  
respectable certificates from our citizens.  
Yours respectfully,  
E. MASON.

Chelsea, Jan. 3d, 1844.  
Sir: I transmit to you an account of my case  
for publication, believing it to be my duty. I  
have been confined with the Rheumatism nearly  
the whole winter, have had some of the best phy-  
sicians of Boston and could get nothing that would  
relieve me more than temporarily. I heard of  
the wonderful virtue of Lorraine's Pills, I had no faith  
whatever, but I took them, and it is a solemn fact  
that when I had taken but eight pills my Rheu-  
matism had entirely left me, and I have remained  
well ever since.  
N. B. I never took more than one pill at a  
time and that on going to bed.  
Yours respectfully, W. M. HALSTAL.  
OPINION OF A SKILLFUL PHYSICIAN.  
Sir, the operation of Lorraine's Pills is past any  
philosophy to find out, how so small a pill can  
produce such wonderful effects. I find that one  
of them will operate more than 3 or 4 of any other  
Pill, yet in their operation, mild, gentle and com-  
forting. On this account, they are more than 100  
per cent, cheaper, as physis, than any other Medi-  
cine I know of.

These Pills are now acknowledged by thousands  
who take them daily, to be the only medicine that  
fairly takes the Bagnier from all others. This ex-  
traordinary medicine has actually done wonders  
within one year past. They cause no pain or un-  
easiness of any kind in their operation, and require  
neither change of diet or care of any kind.  
The attention of the reader is respectfully called  
to the important results from the use of these Pills.  
It will be seen, however great achievements have  
heretofore been made by the use of this invaluable  
medicine, still greater and more remarkable cures  
daily happen.

**Bogle's Hyperion Fluid; Or Vegetable Hair  
Composition.**

THE subscriber has been induced to bring this  
article before the public, at the request of his nu-  
merous customers, among whom are physicians  
and citizens of the first respectability, who have  
adopted its use in their families, and wish others to  
participate in its advantages.  
The Hyperion is composed of vegetable ingredi-  
ents, the secret of compounding and blending which  
is known solely to the subscriber. It is an article  
in which a cleansing and purifying wash is  
beautifully blended with a most delicate, silky and  
glossy moisture never before attained, yet free of  
animal grease or essential oils. It clears the pores  
of the skin, causes a healthy action in the blood  
vessels, nerves, &c., which feed the hair, thereby  
preventing BALDNESS AND GREY HAIR.  
It entirely feeds the skin from Scurf, Dandruff,  
and other cutaneous diseases, disposes the hair to  
curl, and changes the hardest hair into the most  
soft, glossy, and healthy state, also imparts to it a  
darker color, and the free use of it, both on the  
skin and hair, in a most healthy and luxuriant  
state until the latest period of life.  
Ladies will find the Hyperion a great addition to  
the toilet, both on account of its delicate and agree-  
able perfume, and the great facilities it affords in  
dressing the hair, which, when moist with the fluid,  
can be dressed in any required form, so as to  
preserve its place, whether plain or in curls.—  
When used on children's heads, it lays the founda-  
tion of a good head of hair.  
Manufactured and for sale by WM. BOGLE,

ton. Sold in Newport by R. J. TAYLOR.

**TO THE AFFLICTED.**  
**DR. BANNING'S PATENT LACE!**  
An Immediate Relief to Incipient Consumption, the  
Bronchitis of Public Speakers, Palpitation  
of the Heart, Dyspepsia, Spinal Weak-  
ness, Piles, Protrusion, and Diseases  
of Women, without Medicines.  
THIS instrument has been examined by Drs.  
Mott, Rodgers, Francis, and Griscom of New  
York, the Faculty of Pittsburgh, Hartford, New  
Haven and Middletown, and has obtained for itself  
their favorable testimony. The following will  
show what kind of testimony might be produced  
in many cases:  
Middletown, June 25th, 1843.

Dr. Boardman,  
Sir:—In answer to your inquiry respecting my  
case, I will merely say, that I have been sick since  
I strained my breast and loins in May, 1836, from  
that time continued to grow worse, when in the  
fall of '39, I abandoned business, and have not  
done any thing since. I suppose from all I could  
learn about my case—frequently raising blood,  
coughing very hard and expectorating profusely,  
deriving no benefit from my physicians, and all  
medicines recommended to me, that my case was  
hopeless. Last winter my brother told me he had  
heard a good account of Dr. Banning's Lace in  
such cases, and was anxious that I should try it;  
accordingly I procured one from you, and since I  
began to wear it, my breathing, which was very  
short and laborious, has become easy and natural;  
the pain and shivering or palpitation of the heart  
has subsided; cough and expectoration greatly  
lessened, my limbs which were exceedingly pain-  
ful have become useful, so that I can walk com-  
fortably. I am able to shave myself with comfort,  
which for many years I have not been able to do.  
The piles, which have troubled me for nine years,  
are nearly eradicated. I work some in the garden,  
and am able to ride 4 miles at once with pleasure  
and benefit. Yours, &c. WM. BANNING.  
Dr. G. M. Boardman.  
Middletown, June 25, 1843.

Dear Sir:—In answer to your inquiries re-  
specting the effect of Dr. Banning's Lace in the  
case of my wife, I will state that for twenty years  
past, she has been afflicted with a complication of  
complaints to which females are subject. She has  
tried all the physicians and all the medicines re-  
commended for such complaints, without regard to  
expense, and found only temporary relief. Her  
most distressing complaints, palpitation of the  
heart, oppression and a sense of great weight at  
the pit of the stomach, prolapsus of the womb, &c.,  
were believed after wearing the lace two hours, and  
she has continued to improve daily. With this  
view of the case I cannot use language strong  
enough to convey my approval of the instrument.  
aug. 29th. STEPHEN BROOKS, JR.  
PROVIDENCE, Feb. 26, 1846.

Doctor Boardman, Dear Sir:—I now take my  
pen to inform you that my wife's health has im-  
proved very fast for the last two weeks from wear-  
ing one of your Laces. She has been out of health  
about two years and has worn a different Supporter  
from yours, which had only two pads. She re-  
ceived some benefit from that—but it would not  
produce a cure. But now I can say with pleasure  
that she is as smart as any of the young girls in the  
neighborhood. She can now run up and down  
stairs as fast as I can, and I feel so well pleased  
with it that I hardly know how or what to write.  
But one thing I do now, that she has been under  
the care of seven Doctors in one year—and wear-  
ing your Lace two weeks has or will do the cure  
in a very short time. I want to write more, but I  
have no time. I am truly, your friend and well  
wisher, J. \* \* \*

DR. H. LE REC'S PERSIAN FEMALE  
VEGETABLE PILLS.

THE Persian Female Vegetable Pills, are the  
only safe, and efficacious remedy for the  
cure of those complaints which females only are  
subject to. Free from all preparations of Mercury,  
Calomel, Antimony, &c., but compounded of in-

they act effectually upon the whole system, with-  
out injury to the future health of the patient.—  
They give strength for weakness, health for sick-

suffering from the effects of monthly irregularities,  
obstructions of the menses, unnatural flows, leucor-  
rhoea, &c. They impart the bright line  
of health upon her cheek, and renew again a sound  
mind in a sound body.

From a young lady.

bush, who had witnessed their good results. I  
have been troubled for many months with weak-  
ness, loss of appetite, obstructions, and irregular-  
ities and found no relief till I commenced using  
your valuable Pills—I wish every one of my sex  
knew by experience their intrinsic worth.

Coo's German Salve, Vegetable Pain Ex-  
tractor, and Universal Strengthening Plaster.  
THIS very valuable triple Remedy, for  
Salve, Pain Extractor and Strengthening  
Plaster, all combined in one, is indeed an agent of  
great importance to the medical world. If the  
human system has become weakened, from CON-  
STANT PAIN, SCORPULOUS DISEASES, RHEUMATISM,  
LUMBAGO, GOUT, PARALYSIS, AFFECTIONS OF THE  
LIVER, LUNGS OR KIDNEYS, PALPITATION OF THE  
HEART, SPASMS, PAIN IN THE BACK, SIDE OR  
STOMACH, OLD ULCERATED SORES, BRUISES,  
SCALDS, INFLAMMATION OF THE EYES, THROAT OR  
TONSILS, BITES OF DOGS, FROST BITTEN LIMBS,  
CROUP, INFLAMMATION OR AGUE IN THE BREAST,  
COUGH ARISING FROM IRRITATION OF THROAT OR  
LUNGS, or in fact any diseases which the human  
frame may be afflicted with, this very valuable  
remedy never fails in curing.

As a Salve, it cures the worst Wounds, Sores,  
Piles and Phlegmatic affections, Dolens or Milk  
Legs, Lemencies of Joints, Bites of poisonous ani-  
mals, Burns, &c.  
As a Pain Extractor, persons who have suffered  
the most excruciating pains from Rheumatism,  
Lumbago, Gout, St. Anthony's Fire, King's Evil,  
&c., have speedily, by one application of this val-  
uable Pain Extractor, been relieved from all suf-  
fering, and in a few days been soundly restored to  
health.

As a Strengthening Plaster, individuals who  
have laid upon a bed of sickness and suffering for  
months—who have become so weakened and  
worn of life that death would be a blessing,  
have by the means of this Salve spread as a plas-  
ter and applied according to directions to the parts  
affected, been strengthened and restored back to  
life—blessing the Salve as the only remedy by the  
grace of Providence by which they were saved.  
Reader, are you afflicted with any of the above  
diseases—have you tried other remedies without  
effect—have you been pronounced incurable—if  
so, try this Salve—if nature can furnish means  
to cure you, you will be cured by the use of Coo's  
German Salve and Vegetable Pain Extractor.

Extract of a letter from Hon. Harman Knicker-  
bocker, Esq., late First Judge of Rensselaer  
County, M. C., &c., Schaghticoke, N. Y.

I was myself attacked with a severe pain in my  
ankle and leg, and swelling ensued to an enor-  
mous extent, my physician could not relieve me,  
after suffering severely a number of days and an  
increase of pain and suffering. I was considered  
dangerous; at this crisis my miller prevailed upon  
me to try a plaster of this salve which I did, and  
in half an hour I became easy and rested well. I  
continued this application and in a few days I was  
well. It cannot but prove a blessing to mankind,  
if they can be furnished with it.

IT is now about ten years since this medicine has  
been introduced to the public, and it stands un-  
rivalled in its effects, bearing the test of the severe  
scrutiny of all classes, both friendly and unfriendly.  
It is but for one purpose—for the use of Mothers  
who have to pass through a sea of affliction in  
giving birth to mankind, not to be described. It  
is to you we make an appeal. It is for your es-  
pecial and general good that you should make use  
of one bottle of the MOTHER'S RELIEF before  
confinement. Then you can approach the par-  
tinent chamber without feeling as if you were go-  
ing to the chamber of death. You may rest as-  
sured it will still all ferber and nervous affection.  
It soothes and shields from irritation and by  
its peculiar properties it destroys the cause of her-  
morhage or inflammation that so often attend and  
follow the hour of parturition. It causes sweet  
and natural rest, and at last facilitates the birth,  
so that Mothers have not to pass through such  
excruciating pain and distress. The Mother's Re-  
lief may be depended upon in all cases of threat-  
ening abortion where it is possible to be prevented  
in cases of Spasms, &c., causing frequent alarm,  
from two to three doses will give immediate relief.

As the subject is one that cannot with propriety  
be fully discussed in this public manner, we in-  
vite all who feel interested to call on our agents (most  
of the respectable Druggists in the United States),  
or on the manufacturer, and they will be furnished  
with a pamphlet in which they will find all the  
facts to form a correct opinion of its merits, and  
also the opinions of many physicians of eminence,  
and of persons who have become acquainted with  
its beneficial effects.

**CAUTION TO PURCHASERS.**—Ask for Ban-  
thorpe's Mother's Relief. None is genuine un-  
less our signatures are found within the wreath  
of the direction that is pasted on the bottle, signed  
with our own hand, and over the neck of the  
bottle is a facsimile of our own hand writing also.  
By attending to the above directions, no one need  
be imposed upon. All orders will be promptly  
attended to.

**DOCT. EMANUEL'S BALSAMIC LUNG  
AND COUGH JELLY.**

THE materials of this Jelly are purely vegetable  
and balsamic, and are the invention of an emi-  
nent physician, from whom the proprietor has pur-  
chased the recipe. It is certainly worth its weight  
in gold, but is put at a price to be within the reach  
of rich and poor.

Names and residences of persons residing in the  
city of New York, who have been cured or bene-  
fited by Dr. Emanuel's Balsamic Cough and Lung  
Jelly, when it was prepared in another form:

Mr. Hiram Annetts, 113 William-st., N. Y., had  
for some time, a dreadful pain in his side and chest,  
with a hacking cough, and shortness or difficulty  
of breath. He used part of a bottle of Dr. Emanuel's  
Balsamic Lung and Cough Jelly, which perfectly  
cured him.

Mrs. Morgan, Front-st., Brooklyn, had a very  
obstinate cough and cold. She tried every other  
remedy in vain, and Dr. Emanuel's Balsamic  
Lung and Cough Jelly entirely cured her.

Reader, reader, let the glad voices and grateful  
hearts of these respectable citizens of New York,  
appeal to your hearts and understandings, if you  
are afflicted with any pulmonary complaint,  
cough, cold, &c.

Dr. EMANUEL.

Dear Sir:—You may perhaps think my state-  
ment almost incredible. My reason for feeling so  
is the fact of your never recommending your  
Jelly for the cure of confirmed consumption, but  
only in its primary or first stages. I have every  
reason to believe that I was in its last stage; my  
physician told me so; my friends told me so; as  
well did my symptoms, for they were truly alarm-  
ing; and I felt fully convinced, that unless relief  
was obtained, I must soon be consigned to the  
narrow confines of the silent grave. But by the  
timely use of your remedy, I still live, and again  
enjoy my former good health. I had, indeed, dear  
sir, all the alarming symptoms you speak of as  
forming consumption in its worst stage; but by  
the use of your Jelly, I again say, I am cured.  
Yours, dear sir, with great sincerity,  
ISAAC J. BEED.

And now, reader, having given you a plain  
statement, let me conjure you to pause; ere it is too  
late; try this Balsamic Lung Jelly—try it. I have  
put its price to you as low as I can afford; if you  
use it, and succeed in curing yourself, I shall have  
the gratification of having rescued another from  
consumption; and I hope, in return, that you will  
not withhold from me your name, and a statement  
of your cure.

**MY EAU LUSTRAL HAIR RESTORATIVE.**  
This universally approved and admired article,  
free from ardent spirits, pungent essential oil, and  
other destructive materials, cleans the hair expe-  
ditiously, renders it beautifully bright, and imparts  
to it the delicate fragrance of the flowers. Hair  
washed with this Extract soon becomes pleasingly  
soft and luxuriant in its growth, and it will pos-  
sively bring in new hair on bald heads by its use;  
and hair that has been made harsh, and is turning  
gray or falling out, by the use of spirit or other im-  
proper preparations, will soon be restored to its  
natural color and brilliancy, by a few applications  
of the Eau Lustral.

It is a preservative against baldness, and an  
infallible cure in all affections of the skin on the  
head, as dandruff, and for preventing the falling  
out of the hair and turning gray.

Evidence.—Nature is an inexhaustible mine, in  
which experience and study will always find room  
to excavate; it is that source alone which pro-  
duces all that man calls invention, and which he  
would do better, perhaps, to name adaptation.
